BACKDROP

The Central Board of Secondary Education, New Delhi, is a premier Board of school education in India with more than 22,000 schools currently affiliated to it within the country as well as abroad. The Board functions under the aegis of Ministry of HRD, Government of India. In the year 1986 the Board came up with the concept of 'SAHODAYA' literally meaning 'rising together' to facilitate synergy of ideas among the schools of CBSE, for excellence in education. The concept of Sahodaya is imbued with the spirit of 'caring and sharing' and is meant to facilitate closer networking and collaboration among the schools of the CBSE family.

The Sahodaya School Complex is a group of neighborhood schools who voluntarily come together to share best practices and innovative strategies in various aspects of school education including curriculum design, evaluation and pedagogy and also in providing support to teachers by regular capacity building exercises.

It is a unique and interactive platform for all CBSE affiliated schools to share their experience, to work jointly for scholastic and co-scholastic excellence, to deliberate upon the different policies and guidelines of the Board and to provide effective feedback on their implementation to establish new benchmark of qualities.

At present, there are around 200 active Sahodaya School Complexes (SSCs) across the country. In order to bring all (SSCs) on a common platform, the Board in association with a Sahodaya School Complex conducts a National Annual Conference of Sahodaya School Complexes on an identified theme of current educational relevance. Besides facilitating broad interactions among practitioners, it also serves as an effective platform for building closer bonds between schools and the CBSE and thereby helps the Board in formulating its policies in a progressive and pragmatic manner. The deliberations on the issues arising out of the Conference theme trigger meaningful thought processes which are then encapsulated in the form of recommendations and disseminated to the other members of the Sahodaya School Complexes.

The 25th National Annual Conference of Sahodaya School Complexes was organized by Sahodaya School Complexes of Delhi NCR on 1st and 2nd November 2019 on the theme '**NaiTaleem- For a Sustainable .Future**'

COMMITTEES

CORE COMMITTEE

1. Smt. Anita Karwal, IAS, Chairperson CBSE
2. Sh. Anurag Tripathi, IRPS, Secretary CBSE
3. Dr. Joseph Emmanuel, Director (Academics), CBSE
4. Dr. Biswajit Saha, Director (Skill Education and Training), CBSE
5. Sh. Pushkar Vohra, Joint Secretary (Academics), CBSE
6. Sh. Al Hilal Ahmed, Joint Secretary (Academics), CBSE
7. Smt. Ramandeep Kaur, Assistant Secretary (Academics), CBSE
8. Dr. Annie Koshi, Principal, St. Mary's School, Safdarjung Enclave, Delhi
9. Smt. Sanghamitra Ghosh, Principal, Mother's International School, Delhi
10. Smt. Jyoti Arora, Principal, Mount Abu School, Pitampura, Delhi
11. Sh. C. B. Mishra, Principal, Prudence School, Ashok Vihar, Delhi
12. Smt. Jyoti Gupta, Principal, DPSG Meerut Road, Ghaziabad
13. Smt. Manju Rana, Principal, Seth Anandram Jaipuria School, Ghaziabad
14. Dr. Ameeta Mulla Wattal, Principal, Springdales School, Pusa Road, New Delhi
15. Smt. Sadhana Bhalla, Principal, Mira Model School, Janakpuri, New Delhi
16. Smt. Sangeeta Bhatia, Principal, KIIT School, Pitampura, New Delhi
17. Smt. Anita Malhotra, Principal, Lotus Valley School, Gurugram
18. Smt. Sudha Acharya, Principal, ITL Public School, Dwarka, Delhi
19. Smt. Archana Narain, Principal, The Indian Heights School, Dwarka, Delhi
20. Smt. Alka Kapur, Principal, Modern School, Shalimar Bagh, New Delhi
21. Smt. Pooja Jain, Spring Days Sr. Sec. School, Ashok Vihar, New Delhi
22. Smt. Aditi Misra, Principal, DPS, Sector 45, Gurugram
23. Smt. Aparna Erry, Principal, DAV Public School, Sector 14, Gurugram
24. Sh. G.K. Mishra, Principal, Nutan Vidya Mandir, Dilshad Garden, Delhi
25. Smt. Swapna Nair, Principal, Arwachin International School, Dilsahd Garden, Delhi

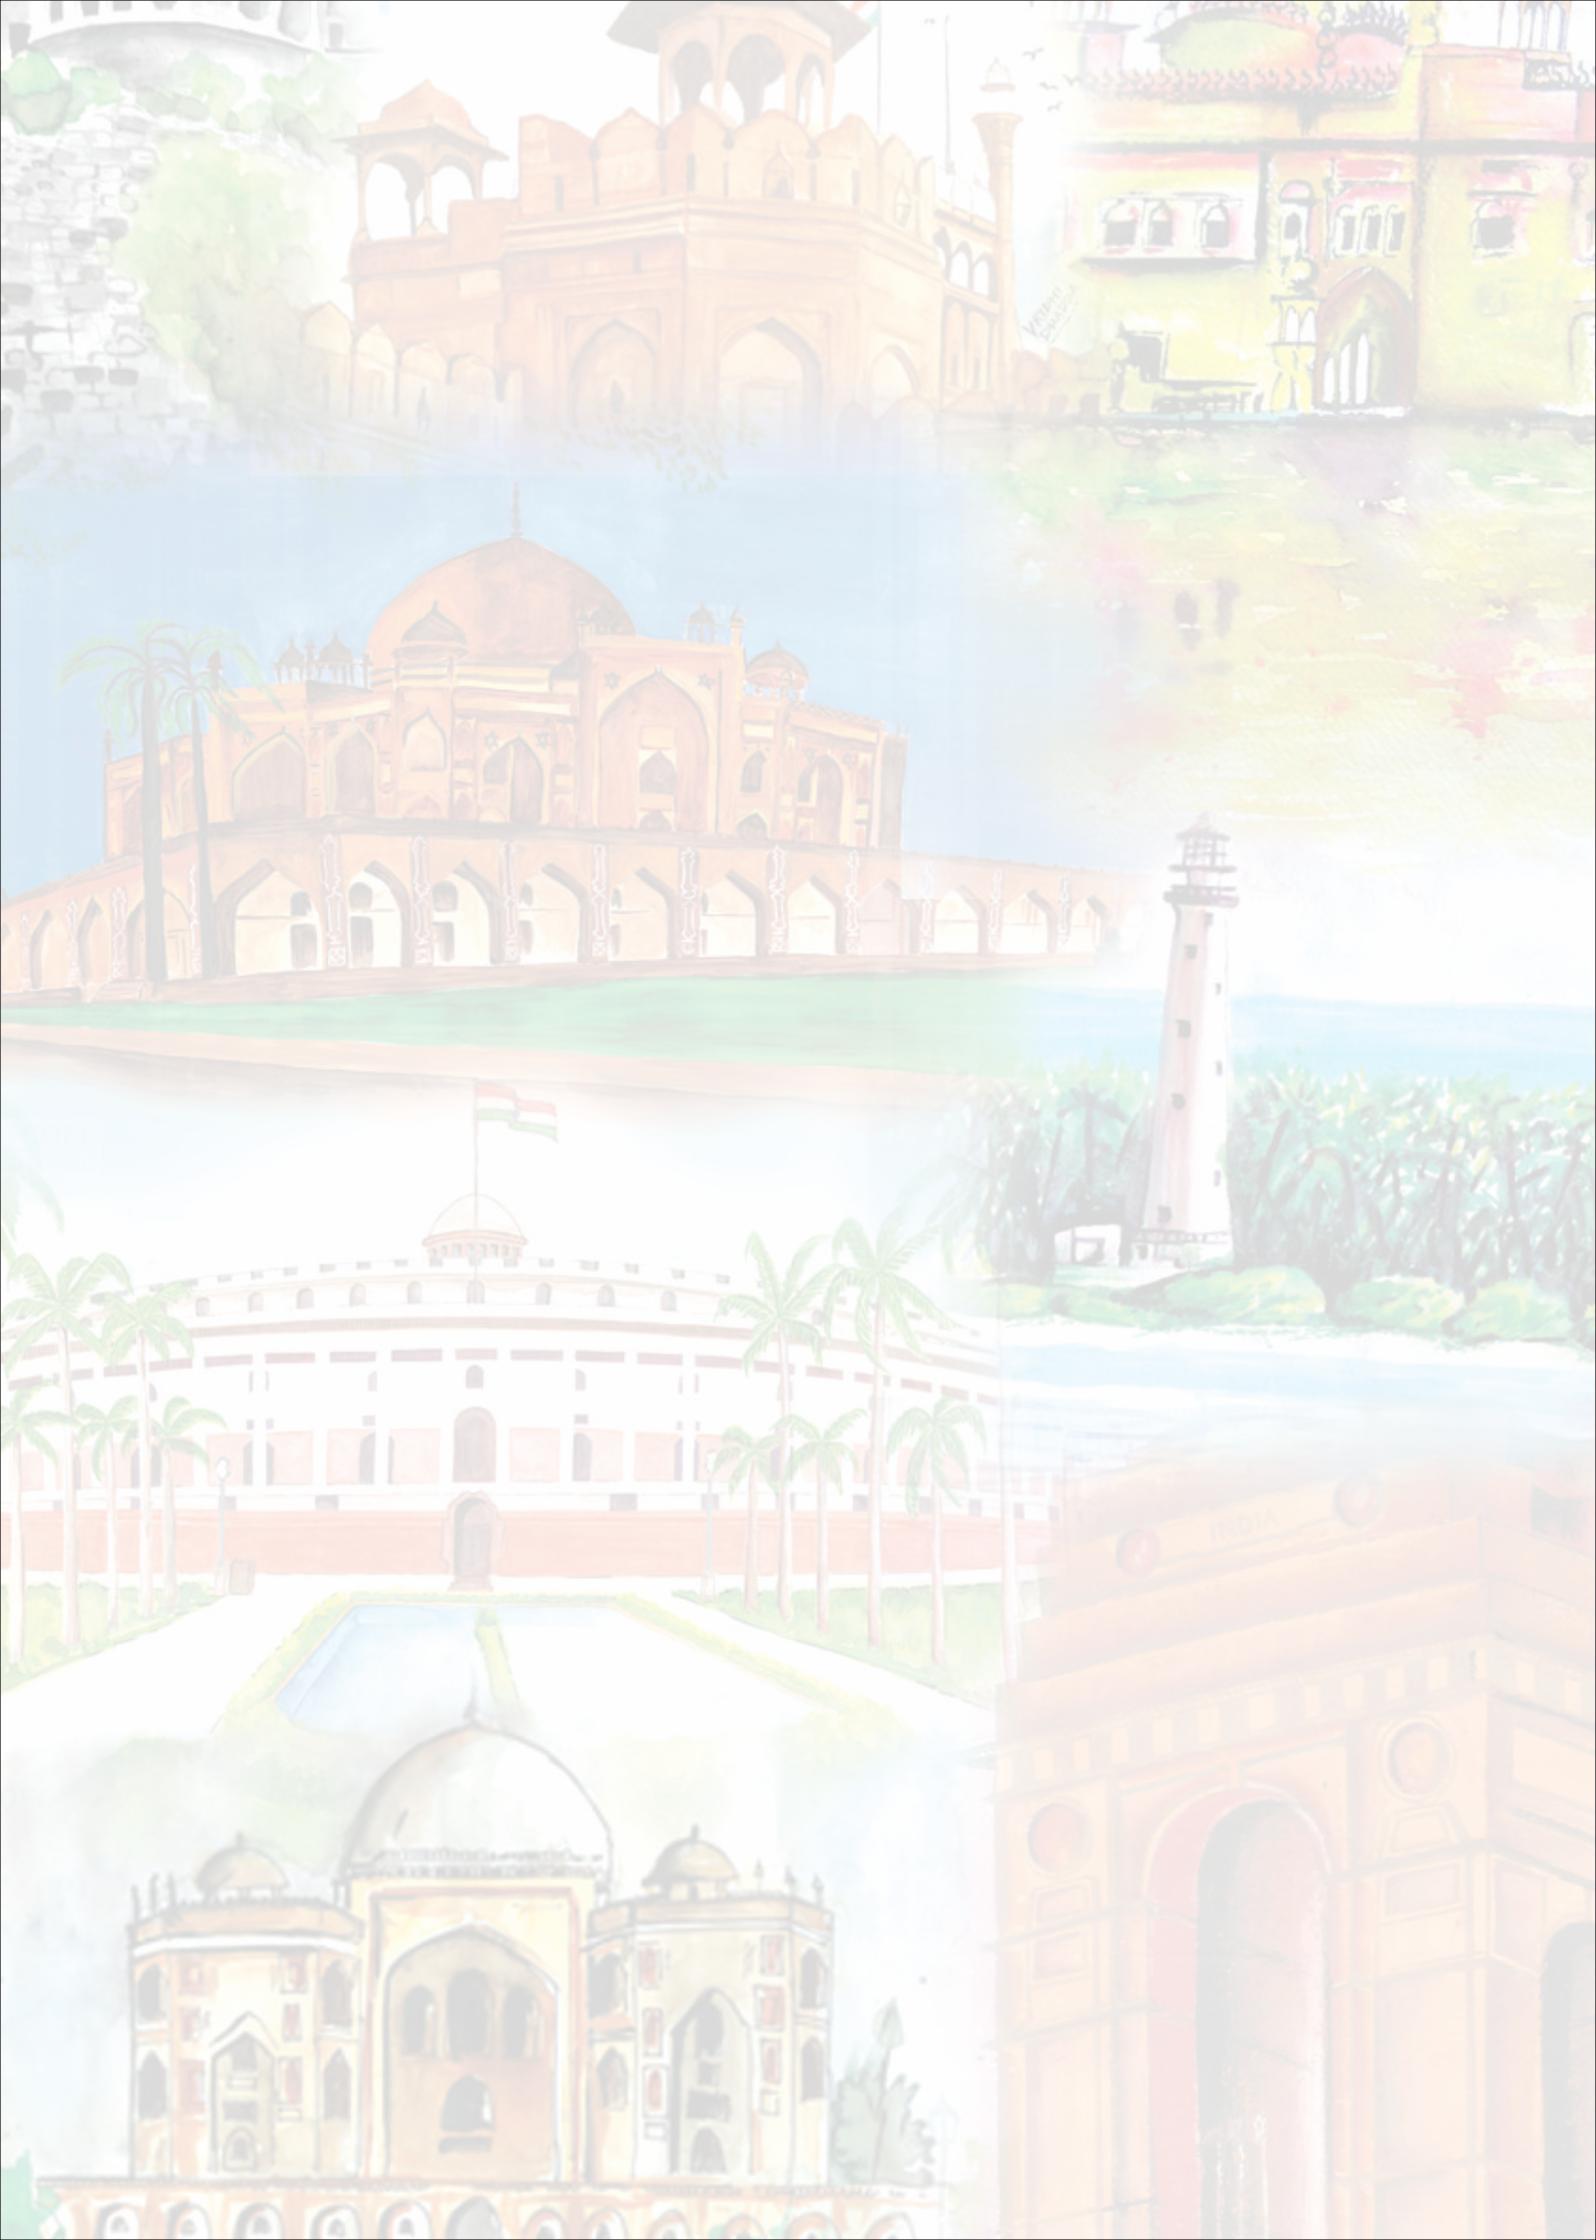

COORDINATING COMMITTEE

1. Dr. Joseph Emmanuel, Director (Academics), CBSE
2. Sh. Pushkar Vohra, Joint Secretary (Academics), CBSE
3. Sh. Al Hilal Ahmed, Joint Secretary (Academics), CBSE
4. Smt. Ramandeep Kaur, Deputy Secretary (Academics), CBSE

THEME
'NAI TALEEM - FOR A SUSTAINABLE FUTURE'

SUB THEMES	Interdisciplinary Education for an Inclusive and Sustainable Future
	Adapting Curriculum for a Habitable Earth for All
	Core Competencies for 21st Century
	Curriculum for non-violent and sustainable society in the 21st Century
	Experiential Learning – Building Human Capacity through 4Hs (Head, Heart, Hand and Health)
	Sports in Education
	Differentiated Learning for Diverse Classrooms

NOTIFICATION BY CBSE

CBSE/DIR(ACAD)/2019

September 6, 2019

25th NATIONAL ANNUAL CONFERENCE OF SAHODAYA SCHOOL COMPLEXES 2019

CBSE is pleased to announce that the 25th National Annual Conference of Sahodaya School Complexes 2019 is proposed to be held in collaboration with Sahodaya School Complexes of Delhi NCR and National Progressive Schools' Conference (NPSC) on 1st and 2nd November 2019 at Delhi.

MAIN THEME: 'NAI TALEEM- FOR A SUSTAINABLE FUTURE'

SUB THEMES:

1. Interdisciplinary Education for an Inclusive and Sustainable Future
2. Adapting Curriculum for a Habitable Earth for All
3. Core Competencies for 21st century
4. Curriculum for non-violent and sustainable society in the 21st century
5. Experiential Learning - Building Human Capacity through 4Hs (Head, Heart, Hand and Health)
6. Sports in Education
7. Differentiated Learning for Diverse Classrooms

REGISTRATION

Please register online at http://sahodayaconference.org/payment/main_form.php for participation in the 25th National Annual Conference of Sahodaya School Complexes 2019. The last date for online registration is 25th October 2019. The participants will have to pay online Rs.7,500/- as registration fee (non-refundable). Participation fee collected by the host Sahodaya will be subject to third party audit as laid down by the Board.

EXHIBITION OF BEST PRACTICES

Schools are pioneers in bringing forth changes in these dynamic times. We invite case studies on best practices that have enabled your school to embrace the changes and move feet forward. We request you to share the practice which has benefitted the school to combat a pressing challenge or difficulty and has positively impacted the students and the teaching learning environment. ***The selected best practices will be exhibited during the Conference.***

Schools may present a conceptual framework being practiced by them in a manner that best represents the ethos of the school. Areas of best practices in which case studies are invited are as follows:

1. Empowering Educators
2. Innovative tools for Assessment
3. Students as Change makers
4. Mindfulness Interspersed into the Curriculum
5. Beyond Skills-Competencies the way forward....
6. Joyful Learning
7. Save Blue to Stay Green

Guidelines for the submission of Case Study on Best Practices

1. The practice should be original, meaningful and adaptable in a different milieu. No plagiarized work will be accepted.
2. The best practice(s) shared by the school should be accompanied with a 1000-word concept note along with an abstract of 100 words and evidences. The evidence can be in the form of photographs, published abstracts, audio and video files.
3. The case study can be either in Hindi or English.
4. To be submitted as a single file in MS WORD format (Pdf format will not be accepted) in Times New Roman font size 12 with 1.5 line space.
5. The case study should be submitted as per the format given in Annexure A.

The case studies may be sent at conference.bestpractices@gmail.com or before 30th September 2019. Hard copies will not be accepted.

BOOK OF ESSAYS

A Book of Essays will be released to showcase the intellectual output of teachers and principals on a variety of topics in education. Essays for the Book on any of the topic related to above mentioned theme or sub themes of the Conference are welcome.

Guidelines for the submission of Essays

1. The essay should be minimum of 2000 words and maximum 3000 words.
2. The essay should be accompanied with an abstract of 100 - 200 words.
3. Any number of principals / teachers can participate.
4. The participant can be from any faculty in the school system.

5. The participants can choose any one of topics mentioned above.
6. The work has to be original. No plagiarized work will be accepted.
7. The essays can be either in Hindi or English.
8. To be submitted as a single file in MS WORD format (Pdf format will not be accepted) in Times New Roman font size 12 with 1.5 line space.
9. The essay should be submitted as per the following format:
 - a. Covering page (including topic, name of the principal / teacher and the name of the school with address)
 - b. Certificate of originality from the participant - Certificate of originality from the Head of the Institution in case of a Teacher and from the Director/Manager of the school in case of a Principal
 - c. Bibliography

The essays will be assessed on the following parameters and the best ones will be selected for the Book:

- Vision
- Creativity
- Addressing contemporary issues in education
- References

The essays may be sent at conference.essays@gmail.com or before 30th September 2019. Hard copies will not be accepted.

For detailed information about the Conference, please visit the website:

www.sahodayaconference.org

For any queries, please contact at 9990555901, 9990555902, 9990555903 or 9990555904 or send an email to sahodayaconferecedelhi@gmail.com

(Dr. Joseph Emmanuel)
Director (Academics)

Encl.: As stated above

Format for Case Study on Best Practice

1. Cover page
 - a. Title of the Case Study
 - b. Theme/Area of Reporting Innovation/Best Practice
 - c. Name and Address of the School
 - d. Name of the Principal
 - e. Name(s) of the contributing teacher(s) (or student(s), if any) and qualification
 - f. Contact Details (preferably email)
2. Table of Content
3. Executive Summary/Abstract (not more than 250 words)
 - a. Focus on key points and findings
4. Introduction
 - a. Context/Background for the case study
5. Case Presentation
 - a. Identification of the problem/challenging situation/issue to be resolved
 - b. Analysis of the problem
 - c. Objectives
 - d. Planning done
 - e. Success Criteria and possible alternatives decided
 - f. Implementation
 - g. Challenges faced in implementation
 - h. Resources involved (both Human and Material)
6. Evidences of success
 - a. Photographic evidence or audio/video evidence (images and photographs should be sent in .jpeg format only) included in text at relevant place
7. Beneficiary Satisfaction
8. Any other area not mentioned above
9. Concluding Remarks
10. Glossary

11. References
12. Appendices
 - a. Charts, tables, visuals and other related items referenced in the documentation
13. Certificate of originality by School Principal (in case the author is a teacher) or by Manager /Director of the school (in case the author is the Principal)
(I hereby certify that the information given above is true and original initiative of the school.)
14. Certificate of originality by the author: I hereby certify that the documentation entitled “_____”, is my original creation and I have given proper referencing and acknowledgement wherever required, and that there is no plagiarization whatsoever.

Note:

- Language shall be English only.
- To be submitted as a single file in MS WORD format (Pdf format will not be accepted) in Times New Roman font size 12 with 1.5 line space.

CONCEPT NOTE

This year has a special significance to Central Board of Secondary Examination and *Sahodaya* School Complexes for three reasons. Firstly, it is the 150th birth anniversary of Mahatma Gandhi. Secondly, it is remarkable for CBSE to have survived and thrived over a course of 90 years and it is even happier that *Sahodaya* School Complexes, an initiative of CBSE to promote cooperation and collaboration among neighbouring schools on voluntary basis, to have completed 25 years. Usually the annual conference of *Sahodaya* School Complexes is organised by Complexes themselves, however, as this being a special year, CBSE, therefore, decided to organise the 25th edition of National Conference in collaboration with the *Sahodaya School Complexes* of Delhi and NCR on 1st and 2nd November, 2019 at *Vigyan Bhawan* on the theme '*Nai Taleem – For a Sustainable Future*'.

According to *Gandhian* thought, ethics and morality along with Social Empowerment through Work Education and Action (SEWA) and vocational education are essential to learning. The ideals of this are integrated in every CBSE School. CBSE affirms its commitment to academic freedom and open inquiry, to moral and ethical values and promotes the *Nai Taleem*, the *Gandhian* Perspective of Education, in the form of holistic learning where the head, hand and heart come together in all aspects of education.

The Board understands the need to evolve systems and processes to meet the demands of the future in a highly accelerated, global and complex society which is facing ever increasing pressure. Over the years it has endeavoured to make schools future ready through social, technological and societal transformation.

The conference aims to engage participants in co creating and contributing towards a sustainable future. The sub themes of the conference aim at exploring effective practices for lifelong learning and right livelihood for a healthy world and ways to incorporate important theme of water conservation in schools through scholastic and co-scholastic activities. All the progressive initiatives of CBSE are reflected in the theme of the conference and break-away sessions.

The conference also aims at enabling the Principals and Managements of CBSE schools to understand the new policies and innovative practices that have been launched by the Board in order to run its affiliated schools more efficiently.

The theme and sub themes are centred around quality education, adoption of innovative pedagogies, academic collaboration, professional development of teachers and staff, joyful and experiential learning, art integration, ecological & environmental competencies with a special focus on **conservation of water** and rain harvesting by creating communities of practices which will bring together progressive protocols.

The outcome of this conference will reflect the importance of a collaborative learning system which will create a culture of information sharing, promoting academic enrichment, forging partnerships and developing global practices which will impact and meet the realities of the 21st century.

PRE CONFERENCE EVENT

A Pre-Conference Event was organized as a precursor to the 25th National Annual Conference of Sahodaya School Complexes at Jacaranda Hall, India Habitat Centre, Lodhi Road, New Delhi on 31st October, 2019. The Chief Guest of the day was Ms. Anita Karwal, Hon'ble Chairperson, CBSE. The programme was attended by over 125 Principals representing different Sahodaya School Complexes and CBSE Officials.

In order to set the context for the 25th National Annual Conference of Sahodaya School Complexes, Hon'ble Chairperson CBSE addressed the august gathering. She complimented the representatives of different Sahodaya School Complexes for their efforts in supporting and strengthening CBSE initiatives.

She focused on the key points of Nai Taleem and its role in the National Education Policy (NEP). She emphasized that the theme *Nai Taleem* was primarily selected not only because the nation is celebrating 150 years of birth anniversary of Mahatma Gandhi but also because of the influence Nai Taleem has had on education in India and across the world. Talking about the book *Divya Swapna* by Gijubhai Badheka and the novel *Saraswatichandra*, she stated that the books had a progressive vision on Indian Education and offer answers to many challenges the education arena faces today.

According to her, today's world is witnessing a fast paced economic development which requires the education system to fill the learning and industry gaps. Schools today are faced with the challenge of capability failure, which is intertwined with growth and development of a country's economy.

The Chairperson spoke of the humungous task before CBSE of conducting 213 examinations which include 79 languages. She proudly acknowledged that no other Examination Board in the world handles such a diverse range of examinations.

The Chairperson emphasized that our glory lays in self-reliance and an Indian cultural renaissance, if we are to find our lost grandeur of Spirituality and Knowledge.

The **Key Points** of her address were:

Quality education rooted with ethos and culture of the country can empower today's learners by eliminating capability failure. She reinforced the point by quoting the example of education in China which is firmly rooted in its culture and language.

Reinforcement of Value based education is the need of the hour failing which it may lead to problems in the future for children.

Education must revolve around a craft. Use of Hand, Heart and Head create active learners who are fully engaged and creative. All their five senses are active and in a learning mode. This results in life-long learning and enabling them apply their learning effectively.

Sustainable education is a means to social reconstruction, activating cognitive, psychomotor and affective domains (Mind, Body and Spirit). The child, hence, becomes aware of one's self and thoughts thus giving direction to life for betterment. There is no place for religion in Nai Taleem and education should be secular and free from any external influence.

The National Education Policy will be considered successful only when foundational literacy and numeracy will be achieved by grade 3 level students. For this, learning outcomes must be the focus of classroom teaching and tracking of the child on them.

Participation in PISA will be a huge transformational tool for CBSE in demystifying experiential pedagogy and competency based questions and items. These changes will be reflected from the 2020 board exams wherein application based and challenging questions will be asked. By 2023, core concept building pattern will set in.

Hon'ble Chairperson concluded by saying that CBSE is young at 90 and is growing younger and stronger with each passing year.

The pre-conference event brought together leaders and eminent academicians from top schools in India and provided them a valuable networking opportunity which set the stage for further cooperation among them and setup opportunities for knowledge transfer and exchange.

SCHEDULE OF THE CONFERENCE

DAY 1 - (1st November 2019, Friday)

INAUGURAL SESSION

9.15 am to 10:55 am

Welcome Address:

- Mrs. Anita Karwal, IAS, Chairperson CBSE

Key note Address:

- Prof. Govinda, Former Vice Chancellor, NUEPA

Session 1- Core Competencies for the 21st Century

11:00 am to 12.00 noon

Speaker:

- Sister Shivani, Brahma Kumari Teacher

Session 2 - Informing Pedagogy through Experience: Building Human Capacity through Head, Heart and Hand

12.00 noon - 1.00 pm

Panelists:

- Sh. Rajiv Mehrotra, Writer and Documentary Film Maker
- Dr. Swaroop Rawal, Actor and Educationist

Moderator:

- Prof. Poonam Batra, Dept. of Education, Delhi University

1.00 pm to 1.45 pm

Lunch

Session 3- Sports in Education: The Unseen Space

1.45 pm to 2:45 pm

Panelists:

- Cdr. Abhilash Tomy, Indian Naval Officer and Solo Circum Navigator of the Globe
- Major D. P. Singh, India's First Blade Runner

Moderator

- Shri Pradyuet Voleti, Eminent Sports Person

Session 4 - Ceremonial Session

3.00 pm to 4.00 pm

Chief Guest:

- Hon'ble HRM Shri Ramesh Pokhriyal 'Nishank'

Distinguished Guest:

- Hon'ble MoS Shri Sanjay Dhotre

Guest of Honour:

- Secretary School Education & Literacy, MHRD Shri Amit Khare, IAS

DAY 2 - (2nd November 2019, Saturday)

Session 5 - Preserve Blue to Stay Green - Water Conservation in Schools

9.30 am to 10:30 am

Speaker:

- Sh. Bharat Lal, Addl. Secretary, Ministry of Jal Shakti

Session 6 - Differentiated Learning For Diverse Classrooms

10:45 am to 11:45 am

Panelists:

- Dr. Achal Bhagat, Senior Consultant Psychiatrist
- Ms. Shaheen Mistry, Founder, Akanksha Foundation, NGO
- Ms. Jo Chopra, Director Latika Roy Foundation

Moderator:

- Prof. Neerja Sharma, Lady Irwin College Delhi

Session 7- Conversations on Theatre in Education and Transformations

11:45 am to 12:45 pm

Panelists:

- Sh. Kapil Pandey, Education Practitioner, Story Teller and Musician
- Ms. Dhimani Vij, Actor and Theatre Maker

Moderator:

- Ms. Manjima Chatterjee, Drama Explorer, Teacher and Writer

Session 8 -Breakaway Sessions

12:45 pm to 1:45 pm

Breakaway Session 1: Furthering Education and Skills In Chair:

- Dr. Antriksh Johri, Director IT, CBSE

Speaker:

- Dr. Nayana Mallapurkar, Program Head, TISS School of Vocational Education, Mumbai

Breakaway Session 2: Art of Mathematics

In Chair:

- Dr. Sanyam Bhardwaj, Controller of Examination, CBSE

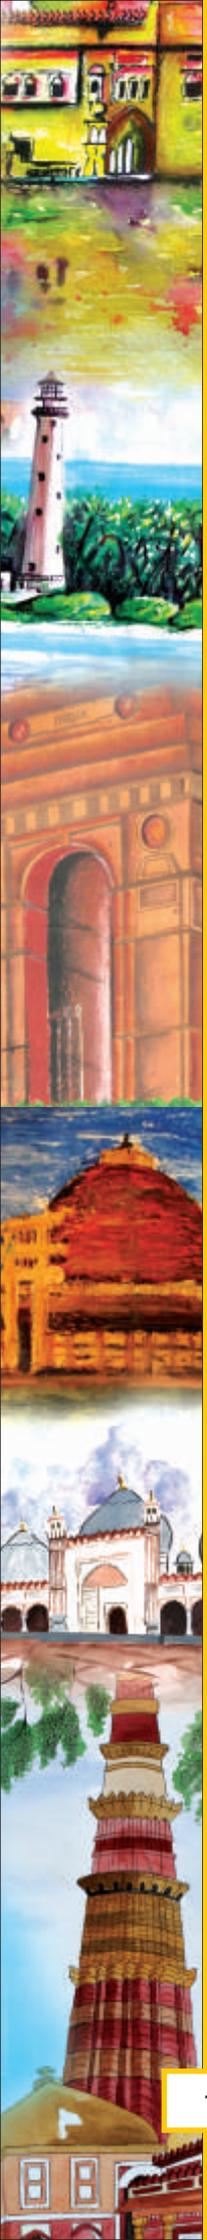

Speaker:

- Dr. Maya Saran, Programme Coordinator For Mathematics, Ashoka University

Breakaway Session 3: Empowering Resilience and Well Being of 21st Century Learners - Emerging Paradigms In Chair:

	<ul style="list-style-type: none"> ● Sh. Manoj Srivastava, Director Professional Examinations, CBSE <p>Speaker:</p> <ul style="list-style-type: none"> ● Dr. Jitendra Nagpal, Mental Health Consultant, Moolchand <p>Breakaway Session 4: Future Ready Schools with Artificial Intelligence</p> <p>In Chair:</p> <ul style="list-style-type: none"> ● Dr. Biswajit Saha, Director Skill Education and Training, CBSE <p>Speakers:</p> <ul style="list-style-type: none"> ● Ms. Lisa Neddham, Digital Skills Platform Leader, IBM Switzerland ● Ms. Shweta Khurana, Director Corporate Affairs, INTEL India <p>Breakaway Session 5: Hands on Experiential Learning</p> <p>In Chair:</p> <ul style="list-style-type: none"> ● Sh. Anurag Tripathi, Secretary CBSE <p>Speaker:</p> <ul style="list-style-type: none"> ● Dr. Manish Jain, Centre for Creative Learning, IIT Gandhinagar
1.45 pm to 2.30 pm	Lunch
Session 9 - FIT INDIA	
2.30 pm to 3.30 pm	<p>Speaker:</p> <ul style="list-style-type: none"> ● Sh. Sandip Pradhan, Director General, Sports Authority of India
Valedictory Session	
3.30 pm to 4.45 pm	<p>Valedictory Address: A Curriculum for a Habitable Earth for All</p> <ul style="list-style-type: none"> ● Prof. Mahesh Rangarajan, Dept. of History and Environmental Studies, Ashoka University <p>Presentation of Report and Recommendations and Resolution</p> <ul style="list-style-type: none"> ● Dr. Joseph Emmanuel, Director (Academics), CBSE

DAY 1

(1st November 2019 - Friday)

INAUGURAL SESSION

WELCOME ADDRESS : MRS. ANITA KARWAL, IAS, CHAIRPERSON, CBSE

Mrs. Anita Karwal, Chairperson, CBSE extended a warm welcome to all the dignitaries, delegates, participants and delivered her insights about the NaiTaleem and its implementation in the current education system. She provided the roadmap of the conference, briefing about the conference objectives, participation, outcomes and also the program schedule for the two days of the conference.

Talking about the philosophy behind Nai Taleem, an ideology pioneered by Mahatma Gandhi in 1930s, she stated that the philosophy had the following key components:

- Education should be value based which will evolve the Mind, Body and Spirit
- Education should be accessible to all and go beyond differences
- Sustainable Education encompasses learning by doing and should be structured around learning a craft.

Chairperson, CBSE further stated that education is the key to economic development, and countries across the world lay emphasis on strengthening their education system. Based on the parameters laid down by the international testing agency PISA, it is seen that capability failure can be the biggest hurdle in enabling learning and nurturing students who will lead the country towards economic development.

The case in point was made by citing four examples:

- **Peru:** Based on its poor PISA score of 2012, adopted a three pronged strategy to improve education standards.
 - Focus on student learning and learning outcomes
 - Improving instructional pedagogy and make it student centric
 - To define role of school leadership and management
- **Kenya:** Worried about its poor literacy and numeracy results, the government and education department focused their efforts on achieving the same as studies have shown that TOSMO students who have acquired Literacy and Numeracy standards by Grade three have higher levels of comprehension.
- **China:** Since the 80s, China has focused on building innovation capability

through their education system.

- **Vietnam:** The education system, filled with rigour, focuses on competency based learning and have started performing well in PISA.

Hon'ble Chairperson further went on to define the vision of the New Education Policy and listed out its basic tenets:

- Foundational Literacy and Numeracy to be achieved for all students of Grade 3 by 2025.
- School education with specified learning outcomes and competency based learning.
- Education in schools to focus on mastery of core concepts and all evaluation and assessment will be based on testing core concepts.
- Focus on pedagogy which will have an inter-disciplinary approach, thus engaging all five senses.

The Chairperson strongly criticised the one-way audio system which was in practice in the current day school system and move towards a student centric classroom environment.

Further outlining CBSE's strategy on implementing the NEP, the Chairperson laid out the forthcoming steps being initiated by CBSE:

- Change in the Examination pattern: By 2025 the question papers will be competency based assessing logical and critical thinking.
- Defined Learning Outcomes: She spoke of a pilot project being conducted in schools in Chandigarh and Kendriya Vidyalaya Sanghatan
 - Defined, fixed and lucid Learning Outcomes
 - Individual student wise tracking
 - Providing assessment tools

The Chairperson gave an invitation to schools to enthusiastically participate in the project and join in the trials. She also stressed on making classrooms interactive and self-directed and urged the school principals to assume pedagogical leadership to make learning competency based.

KEYNOTE ADDRESS : PROF. GOVINDA, FORMER VICE CHANCELLOR, NUEPA

Prof. Govinda, Former Vice Chancellor, NUEPA, in his address emphasized the importance of Gandhian ideology in development of the education system in India. He captivated the audience with his fresh perspectives.

He made a strong point that Gandhian philosophy rests on the trinity of Satyagraha, Ahimsa and Shram (work). Reading excerpts from Gandhi Ji's works, he drove home the essence of Nai Taleem. Mahatma Gandhi as a personality may have had complex shades yet his life was an open

book and sent out one clear message, that of self realisation. Prof. Govinda reinforced that each one of us should take the pledge that was taken by the workers of Nai Taleem, to devote our life to self reclination. He concluded by saying that the fundamental transformation of the country will happen when we start living the teachings of the great visionary and not merely by keeping him in our memories.

SESSION 1: CORE COMPETENCIES FOR THE 21st CENTURY

SPEAKER : SISTER SHIVANI, BRAHMA KUMARI TEACHER

Sister Shivani commenced the session taking the delegates to a one-minute inner reflection where each delegate present tried to visualize a perfect school they wished to see. The meditation was guided by words of guidance from her.

She focused on building a positive energy in schools as well as developing strong and positive environment for the overall happiness of students.

Sister Shivani established the fact that the way we shape our students will determine how they shape theirs and our world tomorrow.

The main focus today has moved on to 'How we are doing things and not how our actions are shaping us'. There has to be a perfect balance between method and outcome, she emphasized.

The foundation of a positive environment is laid by happy individuals, and happiness is an emotion one can control unlike external factors, which are varied and uncontrollable.

In the course of raising our children we have, in our subconscious, taught them negative emotions such as worrying/competing and comparing with others' success. This raises children to measure their success not against their capability but against another's achievement, thus creating a negative and hostile environment.

Stress, Sister Shivani stated, is a major concern which is resulting in depression. The World Health Organization has ranked India as No.1 on depression index, and more medical treatments are being sought for mental issues. She quipped that stress should be a formula we learn in correlation to Physics and not as a mental condition. She further added that in Physics stress is calculated as Pressure/Resilience. Over a period of time we have come to understand stress as pressure. This, she said, can be addressed by focusing on resilience which is translated as inner strength.

Inner strength can be built when all stakeholders of the schooling system make a conscious effort to raise children, who are emotionally strong. To do this, teachers and administrators themselves need to be happy and emotionally strong.

In today's times, students face many challenges and many come from broken or dis-functional families. The onus is on the school to create an environment that is positive and make students strong from within. What needs to be nurtured is emotional immunity, which will prepare the child to deal with the challenges the outside world holds.

She propagated the idea of creating schools as 'No Anger Zones' and spoke of the success of this formula when it was tried out as a pilot programme in corporate houses and hospitals. If we can leave our anger behind, we can build strong relationships.

Inculcation of Sanskaar will help lay a sound foundation, she concluded.

SESSION 2: INFORMING PEDAGOGY THROUGH EXPERIENCE: BUILDING HUMAN CAPACITY THROUGH HEAD, HEART AND HAND'

(PANEL DISCUSSION)

PANELIST 1 : SH. RAJIV MEHROTRA, WRITER AND DOCUMENTARY FILM MAKER

Sh. Rajiv Mehrotra appreciated the time spent in cultivating our mind and body, but emphasized on the need to spend time to change the expansive curriculum and pedagogy used to train the mind. He asserted that schools should cultivate in students the ability to develop skills to acquire learning themselves. With the growth of Artificial Intelligence, in addition to re-skill ourselves, we need to develop our emotional resilience to embrace the change.

PANELIST 2 : DR. SWAROOP RAWAL, ACTOR AND EDUCATIONIST

Through her presentation, Dr. Swaroop Rawal shared strategies on how to teach a lesson of history about most wonderful time of our independence in an innovative way. She laid stress on the need for children to know about that time. She asserted that Life Skills Education using experiential approach must be imparted by schools in order to develop basic skills in students. In this way, we have better schools, home and society. She presented evidences of activities conducted by her in the schools of Gujarat, which brought a difference in the learning outcomes of the students.

MODERATOR : PROF. POONAM BATRA, DEPARTMENT OF EDUCATION, DELHI UNIVERSITY

The discussion was very artfully moderated by Prof. Poonam Batra, Dept. of Education, Central Institute of Education (CIE), DU. She revolved the whole discussion around the need to bring experiential education to the classrooms.

Prof. Batra concluded the panel discussion stating that experiential learning, if implemented in its true spirit, will change our world of education to a livelier and interesting one.

SESSION 3: SPORTS IN EDUCATION: THE UNSEEN SPACE (PANEL DISCUSSION)

PANELIST 1: CDR. ABHILASH TOMY, INDIAN NAVAL OFFICER AND SOLO CIRCUMNAVIGATOR OF THE GLOBE

Cdr. Abhilash Tomy highlighted the role of parents in respecting the interest of their child to become a sportsperson and encouraging them to take up their passion and translate it into a profession. It is vital that sports and physical education is made an accessible and regular part of learning in schools during these formative years.

PANELIST 2: MAJOR D. P. SINGH, INDIA'S FIRST BALDE RUNNER

The panelist Maj. D.P. Singh brought forth the qualities of leadership, team spirit, perseverance and tolerance to be learnt from sports through various real life examples. These activities not only teach students to maintain the physical stamina, but also obedience, discipline and willpower.

MODERATOR : SHRI PRADYUET VOLETI, EMINENT SPORTS PERSON

The moderator Shri Pradyuet Voleti brought out the multiple perspectives from the discussion with the discerning panelists that ranged from integrating sports in education to the role of parents in encouraging children to pursue their passion in sports.

SESSION 4 : CEREMONIAL SESSION

ADDRESS BY GUEST OF HONOUR

SHRI AMIT KHARE, IAS, SECRETARY, SCHOOL EDUCATION AND LITERACY, MHRD

Sh. Amit Khare congratulated CBSE on completing 90 years and for its commendable achievement. He recalled his association with CBSE which went back to 1977 when he passed his class XII examination. The audience was enthralled with his simple and light hearted approach. He went on to say that his journey from a small school in Ranchi to becoming an IAS Officer reinforced the belief that good education can groom the ability of a child. Therefore, it is important to design a holistic education which provides scope for all round development.

ADDRESS BY DISTINGUISHED GUEST

SHRI SANJAY DHOTRE, HON'BLE MINISTER OF STATE FOR HUMAN RESOURCE DEVELOPMENT, GOVERNMENT OF INDIA

Hon'ble Minister of State for Education Sh. Sanjay Dhotre, in his address, complimented CBSE for the overall development of students' physical, mental, academic and spiritual development through its programmes and initiatives. He said that Nai Taleem rested on the ideology of uplifting the weak and inclusive growth for all and that moral development and character building is integral to good education.

ADDRESS BY CHIEF GUEST

SH. RAMESH POKHARIYAL 'NISHANK', HON'BLE MINISTER OF HUMAN RESOURCE DEVELOPMENT, GOVERNMENT OF INDIA

Hon'ble Minister complimented CBSE on bringing so many school leaders under one roof. It appeared that the entire nation had come together to celebrate education. The celebration of 150 years of Mahatma Gandhi's birth anniversary, 90 years of CBSE and 25 years of Sahodaya is bound to bring good outcomes for the nation.

Hon'ble Minister appreciated CBSE for its commendable work not only in India but across across the world.

He felt honoured and glad to join the celebratory event organised by CBSE and Sahodaya School Complexes. He recalled how earlier with his meeting with the German delegates on their Indian visit, they were highly impressed by the works and

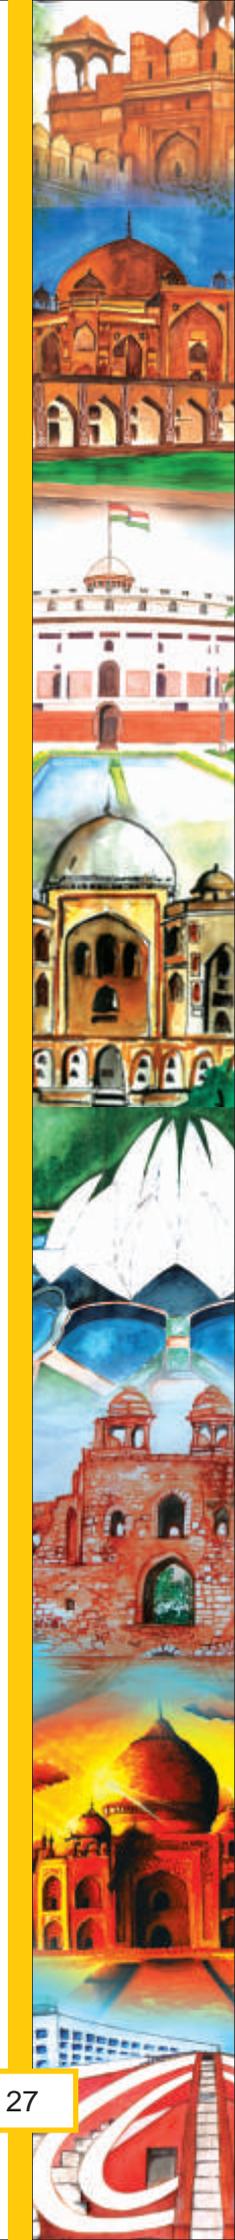

accomplishments of Mahatma Gandhi and claimed that today's world needed a charismatic personality like Gandhi to deal with current challenges.

He told the attendees that all the Principals present had an affectionate vision for their schools. He applauded the efforts put in by each one present. A child, he said is like a blank paper, and called upon the leaders to ensure that what is written on that pure, blank piece of paper is well written and helps build a strong foundation for the child and the nation.

Speaking on NaiTaleem, the Minister said that Gandhian values are a guiding force and will be the harbinger of change.

Hon'ble Minister stressed on the inclusion of 'Ek Bharat, Shreshtha Bharat' in the education system, which should be imbibed in the value system of children, parents, schools and managements.

DAY 2
(2nd November, 2019 - Saturday)

SESSION 5 : PRESERVE BLUE TO STAY GREEN-WATER CONSERVATION IN SCHOOLS

SPEAKER : SH. BHARAT LAL, ADDL. SECRETARY, MINISTRY OF JAL SHAKTI

Sh. Bharat Lal, Addl. Secretary, Ministry of Jal Shakti, Govt. of India emphasized on implementing water conservation strategies in schools. Aptly themed 'Conserve Blue to Stay Green', the session discussed the initiatives taken towards water conservation and the steps that need to be taken to conserve this fast depleting resource. Water Conservation should be our priority in the present world.

The Jal Shakti mission, Sir said, has been working for raising awareness not only towards water conservation but also in ensuring potable water availability. To be sensitized towards water conservation, it is important that we teach our children at an early age the importance of water and our efforts in preserving it.

The country receives rainfall for an average of 20 to 25 days and this collection of water has to fulfill our needs for an entire year. While enough has been done towards sustainable use of energy and power resources, the battle for water conservation is still long drawn.

Sh. Bharat Lal further stated that as in the larger picture, a huge amount of effort is required. It is imperative that we step up our efforts at the micro level. As parents and educators we make multiple efforts to secure our children's future, yet we have never considered the need for uninterrupted availability of safe water and oxygen for our children in the future. How can our children venture into a future where water availability is not ensured?

Water is also a ready answer to address the issue of pollution; it is the best absorber of carbon emissions.

The key to a secure future is water conservation. It is here that schools can play an important and definite role. Sh. Bharat Lal apprised the delegates that the Jal Shakti Mission has partnered with schools for various programs such as

- Children as water ambassadors
- Hold Campaigns
- Practice rain water harvesting and grey water management
- Training to test water quality on given parameters

He also acquainted the delegates that the Jal Shakti Ministry is working closely with CBSE to take the Mission Water forward. The Swachh Vidyalaya Puraskar is a great platform for schools to be recognized for their efforts in this mission.

Intimating the delegates about the Jal Shakti mission, JalJeevan Program and Namami Gange Project initiatives which are working rigorously in ensuring a water secure India, he encouraged the Sahodaya School Complexes to contribute by nurturing students who are water conservation warriors of the world.

SESSION 6 : DIFFERENTIATED LEARNING FOR DIVERSE CLASSROOMS

(PANEL DISCUSSION)

PANELIST 1 : MS. SHAHEEN MISTRY, FOUNDER AKANKSHA FOUNDATION, NGO

Ms. Shaheen Mistry, suggested that if we want inclusion, we must start including our children. The dream of all children attaining excellence in education will be achieved one day if children are given freedom to think and act on social issues irrespective of their age. A change of our own mindsets from 'for' children to 'with' children is the call of the hour. Children can be change makers, hence, they must be included in framing the National Education Policy as well as other conferences related to environment, water, gender sensitivity, etc.

PANELIST 2 : MS. JO CHOPRA, DIRECTOR, LATIKA ROY FOUNDATION, A VOLUNTARY ORGANIZATION FOR CHILDREN WITH SPECIAL NEEDS

Ms. Jo Chopra asserted that children with disabilities must be included in every aspect of life. Differently abled children raise the bar as well as wake us up whenever we are disturbed as their needs are greater than the normal human's needs. They hold up a mirror to the society and show that each one is vulnerable and has weaknesses. No one is perfect, hence, a truly inclusive society is one where no one is too small to make a difference.

PANELIST 3 : DR. ACHAL BHAGAT, SENIOR CONSULTANT PSYCHIATRIST AND PSYCHOTHERAPIST, APOLLO HOSPITAL

Dr. Achal Bhagat spoke on mental health and universality in education as a method for inclusion. He stressed that:

- A healthy mind is the basis of all human development. Participatory methods are a must for inclusion.
- If cases of mental health are overlooked, it can lead to socially exclusive behaviours and other problems among children.
- Due to our assumptions we tend to stigmatized children with a history of mental health.
- Teachers and Students need to be trained to facilitate inclusion.
- A team of school health associates along with specialists to be created to smoothen the process of inclusion.

He emphasized that teachers should design lessons based on students' learning styles. Group students by shared ability, interest, or topic for activities and continuously assess and adjust lesson content to meet students' needs. In the process, students are more engaged in learning, and there are reportedly fewer discipline problems in classrooms.

MODERATOR : PROF. NEERJA SHARMA, RETD. FROM LADY IRWIN COLLEGE, DELHI

Through the panel discussion, the moderator beautifully brought home the fact that in today's classroom, teachers still tackle students with their own learning styles, cultures, abilities and disabilities, family dynamics, and more. As education has evolved, it has become clear that 'one size fits all' model of learning cannot be used to teach students. There is a need to create individualized learning plans which include using different materials, technologies and assessment strategies, depending on each child's needs.

SESSION 7 : CONVERSATIONS ON THEATRE IN EDUCATION AND TRANSFORMATIONS

(PANEL DISCUSSION)

PANELISTS

- o MS. DHIMANI VIJ, ACTOR AND THEATRE MAKER
- o SH. KAPIL PANDEY, EDUCATION PRACTITIONER, STORY TELLER AND MUSICIAN

Sh. Kapil Pandey, Education Practitioner, Story Teller and Musician began the session with warm-up activity which was followed by an interesting story by Ms. Dhimani Vij, Actor, Theatre Maker and Drama in Education to open up the conversation.

The session focused on using theatre and drama as medium of expression for both children and teachers to step out of their pre-set roles and enter an informal zone where they can collectively work towards mastering skills of problem solving, critical thinking and decision making.

MODERATOR : MS. MANJIMA CHATTERJEE, DRAMA EXPLORER, TEACHER AND WRITER

The moderator Ms. Manjima Chatterjee concluded the conversation by emphasizing the role of theatre in education and reiterated on making teaching and learning in the classroom experiential and enjoyable process.

SESSION 8: BREAKAWAY SESSIONS

BREAKAWAY SESSION 1 : FURTHERING EDUCATION AND SKILLS

Dr. ANTRISH JOHRI, DIRECTOR IT, CBSE IN CHAIR

SPEAKER: DR. NAYANA MALLAPURKAR, PROGRAM HEAD, TISS SCHOOL OF VOCATIONAL EDUCATION, MUMBAI

Dr. Johri enlightened the participants about various vocational programmes introduced by CBSE and the usefulness of such courses. The first vocational teaching programme was introduced in 1979 and acknowledging its importance, the number of vocational courses has increased to 40. Dr. Johri laid emphasis on the importance of the role of school principals in accepting vocational subjects and urged them to give equal importance to these subjects as given to other traditional subjects. A discussion on Artificial Intelligence course introduced by CBSE was also held.

Ms. Nayana Mallapurkar apprised the participants about the quality and work ethics of Tata Institute of Social Sciences (TISS) and highlighted the number of courses and their prospects.

BREAKAWAY SESSION 2 : ART OF MATHEMATICS

Dr. SANYAM BHARDWAJ, CONTROLLER OF EXAMINATION, CBSE IN CHAIR

SPEAKER: DR. MAYA SARAN, PROGRAMME COORDINATOR FOR MATHEMATICS, ASHOKA UNIVERSITY

Extending a warm welcome to the speaker of the session, Dr. Sanyam Bhardwaj, Controller of Examinations, CBSE, referred Mathematics as a mystery as well as magic. He highlighted the importance of Mathematics in every aspect of our lives.

Dr. Maya Saran commenced the session by reflecting on teaching of mathematics in schools as a very difficult job. She made the participants think about the reasons for learning mathematics. It is useful as it gives us tools for daily life and also technical foundation for other disciplines.

She enlightened every one with a brief history of Mathematics. In the beginning methods used for use of mathematics were counting, measuring and accounting. The contemporary world is not about methods but theory with proofs based on axioms.

Talking about the present day teaching, Dr. Saran highlighted the fact that first we

teach mathematics and then move on to theory. According to her, school mathematics mostly lives in the realm of methods.

The speaker took the session further by making the participants wonder what contemporary mathematics feel like. The session was very interactive based on some hypothetical situations involving the use of natural numbers with the examples of Hilbert's Hotel, Set theory of the work of Georg Cantor.

She concluded by stating that Mathematics is the landmark idea of human intellectual history, the perfect analytical playground and curiosity and satisfying pursuit of knowledge.

This was followed by a question answer session, wherein all agreed that students need to internalize the concept of infinity. The idea is to develop abstract, analytical thinking through learning of Mathematics. Within the context of school maths, instead of making the students memorize the formulae, they should be given opportunities to figure them out themselves which will prove to be more fun learning experience for them.

Addressing the query of principals regarding introduction of Basic and Standard Mathematics, Dr. Sanyam Bhardwaj said that mathematics paper for Class X for both options will have different difficulty level. Dr. Bhardwaj concluded the session by bringing out the prominence of Mathematics in enhancing students' capabilities and understanding. He asserted that it should not generate fear in the mind of the child, but become a subject which can be enjoyed if taught through Experiential Learning methodology.

BREAKAWAY SESSION 3 : EMPOWERING RESILIENCE AND WELL BEING OF 21st CENTURY LEARNERS-EMERGING PARADIGMS

SH. MANOJ SRIVASTAV, DIRECTOR PROFESSIONAL EXAMINATIONS, CBSE IN CHAIR

SPEAKER: DR. JITENDRA NAGPAL, MENTAL HEALTH CONSULTANT, MOOLCHAND

Sh. Manoj Srivastava opened the session by stating, we have become resilient, it takes a lot for us to react, and this can also be seen as maturity. Resilience is not a trait, it is related to action and occurrences. He directed the discussion on issues of dealing with children issues and parental anxiety.

Dr. Nagpal said that the new education approach was looking to be partners in action to taking schooling from child-centric to

child-empowered. NaiTaleem focuses on the emotional expressions of a child. Studies have shown that incidences of bullying, child abuse and child-led crimes make it important to focus on child well-being in the school.

India, today is a research based country which has helped document cases of abuse, thus we are able to promulgate definite policies on child protection and well-being.

He reinforced that schools should follow the protocols laid down by CBSE and Child welfare department to achieve the necessary outcomes of Life Skills for child welfare and development resulting resilience of the children in schools. Moreover, documentation is critical to record cases and ensuring that all legal processes are pursued while dealing with cases related to children. Setting up of Family Resource Centers during Parent Teacher Meets can address parents' anxiety.

Further he discussed the 7C's of Resilience i.e. Capability, Confidence, Connection, Character, Contribution, Coping and Control. Further he opined that Negative Resilience can result due to Exclusion, Neglect, Reprimanding, Bullying, Non documentation of incidences and Abuse

Building Resilience in a child is a community effort and each one of us and more importantly educators can ensure emotionally stable children.

BREAKAWAY SESSION 4 : FUTURE READY SCHOOLS WITH ARTIFICIAL INTELLIGENCE

DR. BISWAJIT SAHA, DIRECTOR SKILL EDUCATION AND TRAINING, CBSE IN CHAIR

SPEAKERS:

- **MS. LISA NEDDAM, DIGITAL SKILLS PLATFORM LEADER, IBM SWITZERLAND**
- **MS. SHWETA KHURANA, DIRECTOR CORPORATE AFFAIRS, INTEL INDIA**

Both the speakers highlighted the importance of Artificial Intelligence and how it has become integral to social transformation. So they avowed that the schools must upgrade their ecosystems by adopting the changes and become solution providers. IBM and INTEL have partnered with CBSE for providing the platform for this empowerment to the students. Artificial intelligence will offer a variety of careers to the students in the future so

they need to embrace the power of Artificial Intelligence while establishing ethical standards for its best use.

As teachers we can become sustainers, trainers and explainers. We can encourage our students to freely explore the world of Artificial Intelligence. Teachers and Principals should lead by example in unleashing the power of Artificial Intelligence and help students acquire 21st century skills with the support of Artificial Intelligence.

BREAKAWAY SESSION 5 : HANDS ON EXPERIENTIAL LEARNING

CHAIRPERSON: SH. ANURAG TRIPATHI, IRPS, SECRETARY CBSE

SPEAKER: DR. MANISH JAIN, CENTRE FOR CREATIVE LEARNING, IIT GANDHINAGAR

Sh. Anurag Tripathi began the session by emphasizing on the importance of experiential learning in an interactive manner. According to research, he said, experiential learning enhances creativity, curiosity, understanding, retention and makes learning stress-free and joyful. He left the participants with four thought-provoking questions to ponder on:

- Are teachers in schools competent enough to carry-out experiential teaching in their classes and attain the requisite learning objectives?
- If no, how are the teachers being upgraded or trained for the same?
- Are the core competencies being recognized and nurtured by the teachers?
- Are the students being empowered to apply this learning in real life in the society?

Dr. Manish Jain shared a few simple activities, devices, stories which can be used to teach different concepts of Science and Mathematics in simple, easy and comprehensible way. He said these stories and activities can inspire students to be responsible for their own learning.

Sh. Anurag Tripathi concluded the session by saying that all beautiful things that make us happy and comfortable come from experiments. Freedom, time, space and opportunity should be provided to children to perform experiments. Not only Science or Maths, but all subjects should be taught using this approach.

SESSION 9 : FIT INDIA

SPEAKER : SH. SANDIP PRADHAN, DIRECTOR GENERAL, SPORTS AUTHORITY OF INDIA

Sh. Sandip Pradhan highlighted the need of being fit. Fitness of students as well as teachers is integral to education. This aim can be achieved when we tackle obesity by allowing children to play as well as track their physical development and aptitude for various sports. Fitness of mind teaches children how to live, fitness of body teaches them how to be empowered and fitness of environment teaches them to live in harmony with the world around them. Age-appropriate sports activities must be followed by schools to create fit students as well as identify talents at different levels. The aim is to produce outstanding Olympians in the future for the glory of the country. He apprised the delegates that Fit India Flags will be awarded to schools soon to encourage sports activities at school level as a mark of appreciation by CBSE for schools that take sports seriously.

VALEDICTORY SESSION

VALEDICTORY ADDRESS

PROF. MAHESH RANGARAJAN, DEPT. OF HISTORY AND ENVIRONMENTAL STUDIES, ASHOKA UNIVERSITY

The Valedictory Address was presented by Prof. Mahesh Rangarajan, Dept. of History and Environmental Studies, Ashoka University on the topic - A curriculum for a habitable earth for all. He commenced the address by reflecting on the decreasing number of fauna from our forests. He asserted that we have to be ready for socio-cultural change at a fast rate. We cannot take any scenario for granted, as is said, change is the only constant and in current times change is happening so fast that if you can't keep pace you will miss the bus.

Every field, every aspect of our lives is witnessing change and change which is leading us into a brighter future. A habitable earth is one where man animal and vegetation co-exist and not in that order, man has been named first because we humans are the biggest threat to sustainable coexistence.

As teachers, we need to take forward the message of environment conservation to the classrooms to promote sustainable education intertwined with ethos and values of Indian culture which are built on the principles of Live and Let Live.

PRESENTATION OF REPORT

DR. JOSEPH EMMANUEL, DIRECTOR (ACADEMICS), CBSE

A report of the complete proceedings of the two days' Conference along with the recommendations and resolution was presented by - Dr. Joseph Emmanuel, Director (Academics), CBSE.

*Recommendations
&
Resolution*

Recommendations

1. Personalized Competency-based Learning focusing on the students' demonstration of desired learning outcomes should be made central to the teaching learning process by the schools. Schools will adopt the learning outcomes proposed for different classes by NCERT and as circulated by CBSE from time to time.
2. Schools will devote stipulated time for physical activities and sports everyday. Orientation of Stakeholders on being physically fit should be taken up on priority in order to make the dream of FIT INDIA a reality.
3. Arts, Sports, Life Skills, Craft and Values should be integrated with the pedagogy to make teaching learning process experiential and joyful to students.
4. Schools will ensure Joyful Learning by adopting experiential and other innovative pedagogies.
5. Schools will also endeavour to make the best use of technology and e resources available at platforms such as DIKSHA and SWAYAM.
6. Schools should evolve as anger free places for cultivating positive emotional health and right attitudes in students. Students should be motivated to adopt simple living and high thinking as a path to a happy life. For this, mindfulness, meditation and yoga should be practised by teachers as well as students.
7. The schools should strive to promote conservation of environment through such activities like rain water harvesting, segregation of waste at source, recycling of organic waste, proper disposal of waste including electronic waste, use of energy saving equipment, education and awareness amongst children on environmental conservation and cleanliness, etc.
8. Every school should encourage each student to plant a sapling wherever convenient, whether in school premises or at home or in the boundaries of the playgrounds or any other place available and create awareness about the proper methods to take care of trees and plants.
9. Schools should act proactively and contribute in conserving water and take a variety of measures to generate awareness and mobilize students, teachers, other

school personnel and communities for adopting measures to conserve water.

10. The Principals shall act as Pedagogical Leader to lead, guide and support teaching and learning by establishing organizational norms of continuous quality improvement. They should evaluate the effectiveness of the learning programs to ensure meeting standards stipulated to optimize learning.
11. Schools will enhance the multidisciplinary approach in teaching learning and also sensitize the 21st century learners by starting trail blazing subjects like Artificial Intelligence and other subjects which are widely recognized to be the power to fuel the future growth of global digital economy.
12. Well-structured school Mental Health and Well being Programs to be implemented appropriately across the developmental span of children.
13. Schools will endeavor to identify the individual learning styles of students and as far as possible provide personalized education by planning Inclusive, Individual Education Programs for every child.
14. Life Skills Education and Resilience Promotion involving all stakeholders of schooling to be made part of the well-being schools with special focus on children with special needs.

RESOLUTION

*The conference resolved to achieve competency based and holistic education for a sustainable future by focusing on **Child Centered Education and the Principles of Nai Taleem**. The needs, interests and aptitude of the learners will be prioritized. Implementation of projects and programs based on current challenges and issues will be taken up in a mission mode.*

RELEASE OF BOOKS, HANDBOOKS AND CBSE FILM

Hon'ble Minister MHRD Sh. Ramesh Pokhriyal 'Nishank' released the following Books and Handbooks during the Ceremonial Session of the Conference:

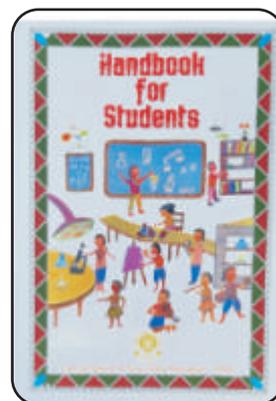

Coffee Table Book

Book of Essays

Handbook for Teachers

Handbook for Students

To mark the occasion of 90 years of CBSE

Chronicle of nine decades of CBSE's existence along with the description of significant changes that took place over the years in shaping up the board to its present status

Reflection of views, ideas and thoughts and documentation of best practices

Journey of possibilities that shows the way and builds the roads to newer and futuristic domains in school education

Intiative towards qualitative improvement of education

Source of information to teachers on the procedures, policies, roles, responsibilities, awards and resources related to their professional life

One stop solution to all the queries of the students

Ready source of information on different areas of interest for students like Curriculum, Life Skills, HPE, IT Initiatives of the Board for Students, CBSE Procedures, Counseling, etc.

A documentary on CBSE highlighting the growth of CBSE was also released showcasing the upward trend in the number of schools from 29 to 22,500 enrolling about 2 crore students with 91 lakh teachers in India and abroad in CBSE schools.

SHOWCASING OF FILM ON WARDHA VISIT

Since the theme of the Conference was 'Nai Taleem', nothing can be more relevant than experiencing Gandhiji's thought and living institution perpetuating his experiments in Basic Education first hand at the Anand Niketan. So a delegation of heads of CBSE affiliated schools made a visit to Wardha to get an overview of the 'Nai Taleem' as propagated by Anand Niketan.

Anand Niketan is a school run by the Nai Taleem Samiti. It is located in the same Sevagram ashram premises where Gandhiji started his experimental educational system called Nai Taleem in 1937.

The philosophy of Nai Taleem states that akshargyaan (bookish knowledge) cannot be separate from karma gyan (knowledge of work). The school believes that education cannot merely be an intellectual exercise. Students need to be prepared for life, which means, there needs to be "development of the head, hands and heart".

The three pillars of Gandhi's pedagogy were:

- emphasis on the lifelong nature of education,
- attempts to turn students into socially aware citizens, and
- focus on their holistic development.

And so, the curriculum followed by Anand Niketan has been designed to find opportunities in real life to impart the same knowledge, which is traditionally given exclusively from textbooks. Some random vignettes of different areas of the school are as under:

Cleanliness is my responsibility: Students and teachers of Anand Niketan clean their school and surroundings, including the toilets, themselves. It teaches them the importance of dignity of labour, erases the hierarchical disdain for people who are in the profession of cleaning, and makes them responsible citizens with the much needed civic sense.

Flexibility to learn as they want: Fascinatingly, children sat in whichever way they are comfortable with. There is no restraining discipline which forces children to sit uncomfortably for long durations. Children are taught to explore their surroundings for smells, sights, sizes and weights.

Learning from their environment: Each class has a space designated for gardening and cultivation. Every child is expected to contribute to growing plants and crops. What is even more fantastic is that whatever the students grow, is served as a meal in the form of a khichdi every afternoon. Both boys and girls are taught cooking in school. These activities are compulsory and have been deliberately included to introduce the concept of swavalamban (self-reliance). Early in life they are taught to erase the usual

gender stereotypes inherent in society and learn to work in tandem. The cooking lessons are also an opportunity to learn about nutritional concepts.

During the lunch time, the students wash their hands and bring their plates to the teacher who serves them. They sit in neat rows, eat and then go to the cleaning area, dispose off waste, wash their plates and keep them in their places. Each action has been carefully thought of, teaching children to be responsible at an early age.

Training in skills: The school has several sewing machines where students are taught the basics of tailoring. They have a well-equipped computer lab, where students work. Their geography and science laboratories are also up-to-date. The library is accessible to all students who wish to explore the world of books.

Students also learn to spin the charkha and make soot (khadi threads). Keeping Gandhi's legacy alive, this opportunity is used to teach students history, the fabric heritage of India, the effects of industrialization, evolving trends in cotton agriculture, farmer suicides, and much more.

Learning arts and sports: Children are also trained in music, Kathak and Odissi. They also learn to make creative articles with waste. Handicrafts created by students are sold during the Anand Mela organized every year.

Making Students aware social citizens: Students at Anand Niketan regularly participate in Bal Sabhas. These are intense discussions which keep them aware about the divides in the outside world.

Nai Taleem aims at producing self-reliant and socially useful citizens trained through real life situations. They possess skills/ capacities required for all round development of both society and individuals. By its very nature, its emphasis is on character building rather than on providing information.

A short video of the visit of delegation to Anand Niketan was also showcased during the conference.

EXHIBITION OF BEST PRACTICES

Different projects and best practices of CBSE schools which have benefitted them to combat a pressing challenge or difficulty and have positively impacted the students and the teaching learning environment were exhibited during the conference.

The following selected best practices, projects on AI and teaching aids were exhibited during the Conference:

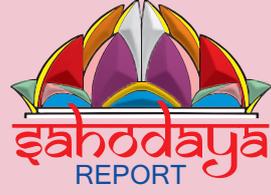

Showcasing of Best Practices		
S. No.	Name of the School	Theme
1	Tagore International School, VasantVihar New Delhi	Student as Change Makers
2	CKMNSS Sr. Sec. School, Chalakudy, Kerala	Mindfulness
3	Shree Gurukulam Secondary School, Nallur, Hosur, Tamil Nadu	Save Blue to Stay Green
4	DAV School Pushpanjali Enclave, New Delhi	Empowering Educators
5	Sanjivani Academy, Kopargaon, Ahmedabad, Maharashtra	Empowering Educators
6	Uttam School for Girls, Ghaziabad, Uttar Pradesh	Students as Change Makers
7	Amity International School, Gurugram, Haryana	Save Blue to Stay Green
8	Mother's International School, New Delhi	Mindfulness
9	DPSG Ghaziabad, Uttar Pradesh	Beyond Skills
10	Salwan Public School, Gurugram, Haryana	Innovative Tools of Assessment
11	SOV. Vijay Devi Yadav English Medium, Peth Vadgaon, Kohlapur, Maharashtra	Joyful Learning

Showcasing of Teaching Aids

S. No.	Name of the Teacher and School	Teaching Aid
1	Ms. Mitali Madhusmita Satpathy School: DAV Public School, Chandrasekharapur, Campus-II, NiladriVihar, Bhubaneswar	Class: V Subject: Mathematics Title: LCM
2	Ms. Ashmita School: B.C.M.Arya Model Sr. Sec. School, Shastri Nagar, Ludhiana	Class: IX Subject: Mathematics Title: Mobile Maths Lab - Making Maths Fun to Learn
3	Ms. Sriekala Nair School: D. A. V. International School, Plot 31, Sector 15, Kharghar	Class: XII Subject: English Title: 'An Elementary School Classroom in a Slum' By Stephen Spender
4	Ms. Mohanan Nair J School: St. John's School, Keerukuzhy P.O., Thumpamon	Class: XII Subject: Physics Title: Malus Law-cum-Brewster's Law Verifier
5	Ms. Gargi Thakur School: Ahlcon International School, Mayur Vihar, Phase-1, Opp UNA Enclave, Block-F, New Delhi-110091	Class: III Subject: EVS Title: 'Here Comes a Letter'

Showcasing of Teaching Aids

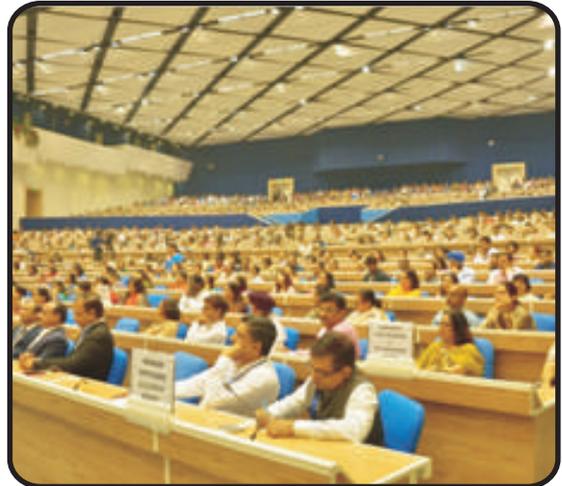

S. No.	Name of the Teacher and School	Teaching Aid
1	Salwan Girls Sr. Sec. School, New Delhi	Al4 Youth Showcase
2	ITL Public School, Dwarka, New Delhi	Al4 Youth Showcase
3	DPS, Bangalore East	Al4 Youth Showcase
4	Amity International Pushpvihar, Delhi	IBM
5	Springdales School, Pusa Road, New Delhi	IBM
6	Royale Concorde International School, Bengaluru	Al4 Youth Showcase
7	DPS Ghaziabad	IBM
8	Mount Carmel School, Dwarka, New Delhi	IBM
